CHAPTER _____

An act to amend Sections 1653.5, 12800, 12801, 12801.5, 12814.5, and 13000 of, and to add Sections 12801.2 and 12801.9 to, the Vehicle Code, relating to vehicles.

LEGISLATIVE COUNSEL'S DIGEST

SB 60, Cedillo. Vehicles: social security account number: driver's licenses: identification cards.

(1) Under existing law, every form prescribed by the Department of Motor Vehicles for use by an applicant for the issuance or renewal by the department of a driver's license or identification card is required to contain a section for the applicant's social security account number. Existing law requires an applicant who submits one of those forms to the department to furnish the appropriate number in the space provided. Existing law prohibits the department from completing an application that does not include the applicant's social security account number. Existing law prohibits the department from including an applicant's social security account number on a driver's license, identification card, registration, certificate of title, or any other document issued by the department. Existing law declares that information obtained by the department regarding an applicant's social security account number is not a public record and prohibits the department from disclosing that information except in specified circumstances.

This bill would require those forms to contain a section for the applicant's social security account number, federal individual taxpayer identification number, or other identifier or number that is deemed appropriate by the department. The bill would allow an applicant for a driver's license or identification card who is presently not eligible for a social security account number, but who submits a specified affidavit signed under penalty of perjury, and a federal individual taxpayer identification number or other number or identifier that is deemed appropriate by the department, to submit those documents to the department in lieu of a social security account number, and those documents would be acceptable until the applicant obtains a social security account number. The bill would require that applicant upon obtaining a

social security account number to provide that social security account number to the department. The bill would, however, require an application for a commercial driver's license to include the applicant's social security account number. Because the bill would expand the scope of the crime of perjury, the bill would impose a state-mandated local program.

The bill would also prohibit the department from including an applicant's federal individual taxpayer identification number on a driver's license, identification card, registration, certificate of title, or any other document issued by the department. The bill would declare that information obtained by the department regarding an applicant's federal individual taxpayer identification number is not a public record and would prohibit the department from disclosing that information, except in specified circumstances.

(2) Existing law requires the department to require every applicant for an original driver's license or identification card to submit satisfactory proof that the applicant's presence in the United States is authorized under federal law and prohibits the department from issuing a license or card to a person who does not do so. Existing law requires the department to adopt regulations, including procedures for verifying citizenship or legal residency of applicants for driver's licenses and identification cards.

This bill would repeal those requirements.

The bill would, however, require the department to require an applicant for an original driver's license or identification card to present an identification document acceptable to the department, for the purpose of establishing identity prior to completing that application. The bill would require an applicant who furnishes the department with his or her federal individual taxpayer identification number to present to the department a birth certificate or record of birth, determined to be acceptable by the department, issued by a foreign jurisdiction, and, in addition, one other specified document determined acceptable by the department. The bill would permit an applicant who does not possess a birth certificate or record of birth to instead present 2 or more of those specified documents.

The bill would require all applications for an original or renewal driver's license to contain documentation acceptable to the

department showing the applicant is presently residing in this state.

(3) Existing law authorizes the department to establish a program to renew driver's licenses by mail, for licensees not holding a probationary license, and whose records meet certain requirements for the 2 years immediately preceding the determination of eligibility for the renewal.

This bill would provide that notwithstanding any other provision of this bill or any other provision of law, an individual eligible to renew a driver's license by mail pursuant to this program is not required to personally appear at a department office for purposes of obtaining that renewal.

(4) The bill would require the Department of Justice, in consultation with the Department of Motor Vehicles and other interested parties, to study the cost, feasibility, technological capacity, and privacy implications for developing a biometrics system that guarantees that applicants for a driver's license or identification card are issued only one driver's license or identification card. The bill would require the Department of Justice on or before January 1, 2005, to report the findings of the study to the Legislature.

(5) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

The people of the State of California do enact as follows:

SECTION 1. Section 1653.5 of the Vehicle Code is amended to read:

1653.5. (a) Every form prescribed by the department for use by an applicant for the issuance or renewal by the department of a driver's license or identification card pursuant to Division 6 (commencing with Section 12500) shall contain a section for the applicant's social security account number, federal individual taxpayer identification number, or other number or identifier deemed appropriate by the department under paragraph (2) of subdivision (a) of Section 12801.

(1) Responding to a request for information from an agency operating pursuant to, and carrying out the provisions of, Part A (Aid to Families with Dependent Children), or Part D (Child Support and Establishment of Paternity), of Subchapter IV of Chapter 7 of Title 42 of the United States Code.

SEC. 10. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.
